

# Second Year Research Form

Johns Hopkins University  
Department of Physics and Astronomy

Hopkins ID \_\_\_\_\_ Student Name \_\_\_\_\_

Each graduate student is required to complete a research project during the three semesters of their first year and until the end of their second year (or until student finds a research advisor, whichever is first).

This form is to be used to keep track of your research requirements.

If the proposed research advisor does not hold a primary appointment as a tenure-track or research faculty member in the Department of Physics and Astronomy, the form must be co-signed by a PHA faculty member, who will serve as the departmental advisor of record. The relevant department faculty members are listed at <https://physics-astronomy.jhu.edu/people/#filter=.faculty>

The form should be completed, signed, dated and returned to the Academic Affairs team, BLOOMBERG 365 **on or before the deadline date for the semester.**

**I plan to do a research project with:**
